

ENDURON™ PSI

Marking Foam for Pressurized Systems

**KEEP OUT OF REACH OF CHILDREN
WARNING**

PRECAUTIONARY STATEMENTS

Flammable liquid and vapor. Harmful if swallowed or inhaled. Harmful in contact with skin. Causes skin and eye irritation. If medical advice is needed, have product container or label at hand. Read label before use. Keep away from heat, sparks, open flames and hot surfaces – No smoking. Keep container tightly closed. Ground and bond container and receiving equipment. Use explosion-proof electrical, ventilating and lighting equipment. Use non-sparking tools. Take action to prevent static discharges. Avoid breathing mist and spray. Wash protective equipment and work clothes thoroughly after handling. Do not eat, drink or smoke when using this product. Use only outdoors or in a well-ventilated area. Wear personal protective equipment. Specific treatment is given in the First Aid section on this label or on the SDS. Store in a well-ventilated place. Dispose of contents/container to disposal plant in accordance with federal, state and local regulations.

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Applicators and other handlers of this chemical should wear long-sleeved shirt, pants, shoes, socks, chemical-resistant gloves and splash-proof chemical safety goggles. Consult the SDS for further information.

FIRST AID

If Swallowed: Call a POISON CENTER/doctor or Chemtrec if person feels unwell. Rinse mouth. Have a person sip a glass of water if able to swallow. Do NOT induce vomiting, unless told to by a poison control center or doctor. Do not give anything to an unconscious person.

If In Eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice or attention.

**If On Skin:
(or hair)** Take off immediately all contaminated clothing. Rinse skin with water or shower. Wash affected area with plenty of soap and water. Use tepid water if available. Treat symptomatically. If skin irritation occurs: Get medical advice or attention. Take off contaminated clothing and wash it before reuse.

If Inhaled: Move person to fresh air. If person is having difficulty breathing, give oxygen. If not breathing, give artificial respiration. Call a POISON CENTER/doctor or Chemtrec if person feels unwell.

GENERAL INFORMATION

ENDURON PSI is specifically formulated to maximize marking foam performance in pressurized marker systems by generating greater volumes of heat-stable marking foam under a wider range of operating pressures than ordinary synthetic marking foams. ENDURON PSI's high expansion formulation produces large volumes of thick, long-lasting foam that allows applicators to drop more foam at higher operating pressures and application speeds. In side-by-side field tests, ENDURON PSI has outlasted ordinary marking foams by over twice as long.

DIRECTIONS FOR USE

Thoroughly clean and neutralize application unit foam tank with an approved foam tank cleaner, such as AGRI-KLEEN™, prior to using ENDURON PSI for the first time. Call 1-800-323-8351 for more information. ENDURON PSI is tolerant to hard water conditions and does not require an additional water softener.

SHAKE WELL BEFORE USING.

USE RATES

Use ENDURON PSI at a 100:1 dilution rate (12–13 ounces of ENDURON PSI per 10 gallons of water).

STORAGE AND DISPOSAL

Protect product from freezing. If product freezes, warm to room temperature and agitate before use. Keep containers sealed when not in use. Store in original container only. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org. Decontaminated containers and materials must be disposed of in a manner allowed by local, state and federal laws and regulations.

CONDITIONS OF SALE

Note: Read the information contained herein before buying or using this product. If the stated terms are not acceptable, return the product at once, unopened. It is critical that this product be used and mixed only as specified on this label. Neither the manufacturer nor the seller makes any representation or warranty, expressed or implied, with respect to the results from the use of this material. Buyer and user assume all risks of use and/or handling. Precision Laboratories, LLC warrants that this material is reasonably fit for use as specified on this label. No agent or representative is authorized to make any other representations concerning this material. Unforeseen factors beyond Precision's control prevent elimination of risks in connection with the use of its chemicals. Such risks include, but are not limited to, damage to plants and/or crops to which the material is applied, or lack of complete control and damage caused by drift to other plants or crops. Such risks may occur even though the product is reasonably fit for use as stated herein and even though label directions are followed. Follow directions carefully. Timing, mixture, method of application, weather and other conditions are influencing factors in the use of this product and are beyond the control of the seller. Except to the extent prohibited by applicable law, the exclusive remedy of the user or buyer and the limit of liability of the company or any other seller for any and all losses, personal injuries or damages resulting from the use of this product, shall be the purchase price paid by the user or buyer for the quantity of product involved.
